

TAKE THE MIGRAINE TREATMENT TEST

Are you looking for more from your acute migraine medication?
Take this simple survey, and share the results with your doctor.

YES NO

Do you experience migraines with or without aura?

Do you experience nausea or vomiting with your migraine pain?

Does nausea or vomiting affect your ability to take oral medications during a migraine?

Do you experience sensitivity to light and/or sound when suffering from migraine pain?

Have you tried one or more oral migraine medication(s) and still not achieved adequate migraine pain relief?

Have you had side effects with other migraine medications that make you hesitant to want to use them again?

Are you willing to try a migraine treatment that is NOT an oral medication?

Are you willing to try a migraine medication that does NOT require an injection?

Do you need a portable, on-the-go migraine medication to accommodate your lifestyle?
